

Urban Design Project Competition for World Town Planning Day 2021

Themes for Urban Design Project:

1. **Preserving community character and cultural fabric** [prepare a Redevelopment Plan of an existing block of an Urban Area that has been spontaneously developed. Please take a real site from an urban area in Bangladesh. The block size should not exceed 50 acres].
2. **Revitalization of an Old part of a city by Landscape Planning** [Please take a real site from an urban area in Bangladesh. The block size should not exceed 50 acres].
3. **Layout Plan of Residential Area of 100 Acre** for 15,000 populations, having plot size of 3, 5, 7 and 10 katha where housing for lower, lower middle, middle and higher income people will be provided with required community facilities as per planning standards.

Conditions:

- Applications are invited from students of all planning schools in Bangladesh
- Maximum size of a group is 3 students.
- Any group can submit on one or more Design themes and for the case of multiple submissions, each project would be considered as separate submission.
- Students from all levels can enter.
- **Deadline for Final Submission: 20 November, 2021.**

Submission Criteria¹:

1. A master plan of the design project (JPG/TIFF/PNG/BMP image)
2. Detailed features of the Project (please note that, every detailing will carry some weight)
3. A concept paper of maximum 200 Words (describing the idea, philosophy, calculation etc.)
4. Soft copy of the design in any software supported format (e.g. for ARC GIS, the MXD including the shapefiles and associated files, etc.).

Note before Submission:

Please, keep all of the files of the “**design project**” in a single folder, then zip (compress) it and upload to any file sharing website. Send us the link of the uploaded file only through email (**wtpd.bip@gmail.com**). This file should satisfy four things listed above (listed under Submission Criteria).
